

# Lakeland Care District

---

*Enriching members' lives by honoring their values through high quality, cost effective long-term care.*

## 2011 Lakeland Care District Provider Directory

This directory provides a list of contracted providers for the Lakeland Care District (LCD) which serves Fond du Lac, Manitowoc, and Winnebago counties.

The LCD provider directory is updated every 45 days. Please visit our website at [www.lakelandcaredistrict.org](http://www.lakelandcaredistrict.org) for an updated listing of our current providers or contact your Interdisciplinary (IDT) Staff. Please consult with your IDT staff prior to calling the provider.

### Note:

The providers listed in this directory may change for any reason. Therefore this does not guarantee that the provider is currently in the network or currently accepting new members. Within the Directory, there are also providers that have limitations for accepting new members or capacity. It is important for members to work with their IDT staff.

## Important Addresses & Phone Numbers

### **Central Office:**

N6654 Rolling Meadows Drive  
Fond du Lac, WI 54937

Phone (920) 906-5100

TTY/TDD (888) 758-6049

### **East Branch:**

3415 Custer Street, Suite C  
Manitowoc, WI 54220

Phone (920) 652-2440  
Fax (920) 652-2441  
Toll-Free (877) 227-3335  
TTY/TDD (888) 758-6049

### **West Branch:**

500 City Center  
Oshkosh, WI 54901

Phone (920) 456-3200  
Fax (920) 456-3201  
Toll-Free (877) 227-3335  
TTY/TDD (888) 758-6049

Website: [www.lakelandcaredistrict.org](http://www.lakelandcaredistrict.org)

## Service Area Map & Provider Adequacy

The LCD serves the Fond du Lac, Manitowoc, and Winnebago counties. An extensive provider network allows members to receive care from any of our contracted service providers within these areas.

It is the responsibility of the LCD's Provider Network Department to ensure that members will have prompt access to high quality services through our provider network.

\*This directory is reviewed annually by the State Department of Health Services (DHS) to certify its adequacy.

## SERVICE AUTHORIZATION PROCESS

Your service plan is individually tailored to your specific needs and outcomes based on the Resource Allocation Decision (RAD) method. The RAD method is used to help with development of your Member-Centered Plan (MCP) and Service Authorization. The RAD method is an eight step process that identifies a core problem that directly relates to a personal experience outcome. The process assesses and gathers information from all involved people, brainstorms and explores all possible options, sets in place steps to evaluate and ensure effectiveness of the chosen option, and encourages dialogue and negotiation.

The RAD method enlists your preferences as to how you would like the core problem to be addressed, as well as your preferences as to any providers of service or items. Your preferences will be taken into account in determining the intervention that will result in your personal experience outcomes being supported in the most cost-effective manner. If an alternative provider of service or item can meet your personal experience outcomes in a more cost-effective manner, those options may be explored first. Consistent application of the RAD method ensures that a member centered philosophy is utilized when developing a cost-effective MCP and Service Authorization.

The RAD method will guide you, your IDT staff, and others whom you may wish to be part of your team in decisions regarding what specific services are required to achieve your personal experience outcomes. There may be many different ways for you to achieve your personal experience outcomes. Some outcomes are met by natural supports such as your family members or neighbors while others may be supported by providers listed in this directory.

## Family Care Benefit Package – Nursing Home Level

*The Provider Network Directory is not an all inclusive list of services to choose from nor is every member of the LCD entitled to all the services listed. The Directory offers a listing of contracted providers that may be explored to meet your needs and personal experience outcomes.*

<b>Home and Community-Based Waiver Services</b>
<b>All Family Care Enrollees Receive Interdisciplinary Care Management</b>

## How to Use this Directory

This directory lists all of the providers currently under contract to provide service for the members of the Lakeland Care District. The directory is arranged in alphabetical order by service categories, which are listed at the top of each page and defined by the Department of Health Services (DHS). Please review this provider directory and keep it in a convenient location for your reference. By involving your IDT Staff in choosing a provider, your IDT Staff can coordinate the best way meet your needs and personal experience outcomes.

The directory also contains the following information:

- Provider name, phone number, city, and state
- For residential providers with multiple locations, the name of the facility may also be listed
- Handicap accessibility
- Hours of service
- Special accommodations
- Indication of possible provider limitations (Refer to IDT Staff for additional information)

Note:

In some cases the address listed in this directory is the provider's home office, which may be different from the location where you would receive services.

## Adaptive Aids - Other

Adaptive Aids are controls or appliances that enable persons to increase their abilities to perform activities of daily living or control the environment in which they live (including patient lifts, control switches, etc.). Adaptive aids are also services and material benefits that enable individuals to access, participate and function in their community. These include the purchase of vehicle modifications (such as van lifts, hand controls, equipment modifications etc. that allow the vehicle to be used by the participant to access the community), or those costs associated with the maintenance of these items.

## Adult Day Care

*Adult Day Care services are the provision of services for part of a day in a non-residential group setting to adults who need an enriched social or health-supportive experience or who need assistance with activities of daily living, supervision and/or protection. Services may include personal care and supervision, light meals, medical care, transportation to and from the day care site. Transportation between the individual's place of residence and the adult day health center may be provided as a component part of adult day health services.*

## Adult Family Home - Corporate

*Adult Family Homes of licensed 3-4 beds are places where 3-4 adults who are not related to the operator reside and receive care, treatment or services above the level of room and board and that may include up to seven hours of nursing care per resident. Services typically include supportive home care, personal care and supervision. Services may also include behavior and social supports, daily living skills training and transportation performed by the operator or designee of the operator. Includes homes which are the primary domicile of the operator or homes where staff are hired by a third party who also controls the place. Also includes homes specified under s. 50.01 (1) (a) 1 of the Wisconsin Statutes and certified under HFS 82 of the Wisconsin Administrative Code.*

## Adult Family Home - Corporate

Adult Family Homes of licensed 3-4 beds are places where 3-4 adults who are not related to the operator reside and receive care, treatment or services above the level of room and board and that may include up to seven hours of nursing care per resident. Services typically include supportive home care, personal care and supervision. Services may also include behavior and social supports, daily living skills training and transportation performed by the operator or designee of the operator. Includes homes which are the primary domicile of the operator or homes where staff are hired by a third party who also controls the place. Also includes homes specified under s. 50.01 (1) (a) 1 of the Wisconsin Statutes and certified under HFS 82 of the Wisconsin Administrative Code.

## Case Management

Case Management Services (sometimes called support and service coordination) are provided by an interdisciplinary care management team (IDT). The participant is the center of the IDT. The IDT consists of, at minimum, a registered nurse and a social services coordinator, and may also include other professionals as appropriate to the needs of the participant and family or other informal supports requested by the participant. The IDT initiates and oversees the initial comprehensive assessment of needs and reassessment process, the results of which are used in developing the individual's participant-centered plan of care. The IDT identifies the participant's preferred outcomes and the services needed to achieve those outcomes and monitors the participant's health and welfare, the delivery of services, and progress in achieving identified outcomes. The IDT also carries out activities that help participants and their families identify other service needs and gain access to medical, social, rehabilitation, vocational, educational and other services identified.

## Consumer Education and Training

*Consumer Education and Training services are designed to help a person with a disability develop self-advocacy skills, exercise civil rights, and acquire skills needed to exercise control and responsibility over other support services. Includes education and training for participants, their caregivers and/or legal representatives that is directly related to building or acquiring such skills.*

*LCD utilizes many community resources for this service. Please contact your IDT staff who can assist in coordinating and collaborating with the community resources that may support your personal experience outcomes.*

# Home Modifications

Home Modifications are the provision of services and items to assess the need for, arrange for and provide modifications and or improvements to a participant's living quarters in order to provide accessibility or enhance safety. Modifications may provide for safe access to and within the home, reduce the risk of injury, facilitate independence and self-reliance, allow the individual to perform more ADLs or IADLs with less assistance and decrease reliance on paid staff.

## Housing Counseling

*Housing Counseling is a service which provides assistance to a recipient when acquiring housing in the community, where ownership or rental of housing is separate from service provision. The purpose of the housing counseling is to promote consumer choice and control of housing and access to housing that is affordable and promotes community inclusion. Housing counseling includes exploring both home ownership and rental options, and both individual and shared housing situations, including situations where the individual lives with his or her family. Services include counseling and assistance in identifying housing options, identifying financial resources and determining affordability, identifying preferences of location and type of housing, identifying accessibility and modification needs, locating available housing, identifying and assisting in access to housing financing, and planning for ongoing management and maintenance.*

*LCD utilizes many community resources for this service. Please contact your IDT staff who can assist in coordinating and collaborating with the community resources that may support your personal experience outcomes.*

# Personal Emergency Response System Services

Personal Emergency Response System (PERS) is a service that provides a direct telephonic or other electronic communications link between someone living in the community and health professionals to secure immediate assistance in the event of a physical, emotional or environmental emergency. PERS may also include cellular telephone service used when a conventional PERS is less cost-effective or is not feasible. This service may include installation, upkeep and maintenance of devices or systems as appropriate.

## Prevocational Services

*Prevocational Services involve the provision of learning and work experiences where a member can develop general, non-job-task-specific strengths and skills that contribute to employability in paid employment in integrated, community settings. Services are expected to occur over a defined period of time as determined by the member and his/her care planning team in the ongoing member-centered planning process. Services are expected to specifically involve strategies that enhance a participant's employability in integrated, community settings.*

*Respite Care services are services provided to a waiver eligible participant on a short-term basis to relieve the participant's family or other primary caregiver(s) from daily stress and care demands. Respite care may be provided in an institution such as a certified Medicaid setting (hospital, nursing home) or other licensed facility. Respite care may also be provided in a residential facility such as a certified or licensed adult family home, licensed community-based residential facility, certified residential care apartment complex, in the participant's own home or the home of a respite care provider.*

## Supported Employment

*Supported Employment Services is the provision of support to participants who, because of their disabilities, need intensive on-going support to obtain and maintain competitive or customized employment in an integrated work setting. Supported employment may also include support to maintain self-employment, including home-based self-employment. Supported employment services are individualized and may include any combination of the following services: vocational/job-related discovery or assessment, person-centered employment planning, job placement, job development, negotiation with prospective employers, job analysis, training and systematic instruction, job coaching, benefits management, transportation and career advancement services.*

## Supportive Home Care - Assistance with Daily Activities

Supportive home care (SHC) is the provision of services to directly assist persons with daily activities and personal needs to meet their daily living needs and to insure adequate functioning in their home. Services include:

Assistance with Daily Activities - Hands-on assistance with activities of daily living such as dressing/undressing, bathing, feeding, toileting, assistance with ambulation (including the use of a walker, cane, etc.), care of hair and care of teeth or dentures. This can also include preparation and cleaning of areas used during personal care activities such as the bathroom and kitchen.

## Therapeutic/Alternative

*Counseling and Therapeutic Services is the provision of services to treat personal, social, behavioral, emotional, cognitive, mental or alcohol or drug abuse disorders. Services may be provided in a natural setting or service office. Counseling and therapeutic services may include assistance in adjusting to aging and/or disabilities. Services may also include assistance with interpersonal relationships, recreational therapies, music therapy, nutritional counseling, medical and legal counseling, and grief counseling.*

## Vocational Futures Planning

*Vocational futures planning and support (VFPS) is a person-centered, team based comprehensive employment planning and support service that provides assistance for waiver program participants to obtain, maintain or advance in employment or self-employment.*

*LCD utilizes many community resources for this service. Please contact your IDT staff who can assist in coordinating and collaborating with the community resources that may support your personal experience outcomes.*
